

Get Set for the 2017 maths A levels

Hosted by the North West hubs

This programme of four one-day courses is designed to help teachers of A level Mathematics prepare for the new specifications.

It is appropriate for all specifications.

- **Principles of the new mathematics A levels: 5th May 2017, 10am-4pm.**
We will give an overview of the content and overarching themes, provide a linear scheme of work and ways in which to develop it, and advice on preparing your department.
- **Mechanics: 16th May 2017, 10am-4pm.**
We will give an overview of the mechanics content within A level Mathematics, focusing on classroom activities and stimulating ideas for teaching the concepts of motion and force.
- **Statistics: 5th June 2017, 10am-4pm.**
We will look at the main statistics topics within A level Mathematics and opportunities for using technology and large data sets in your teaching.
- **Effective use of technology in the new maths A levels: 7th September 2017, 10am-4pm.**
We will look at a range of strategies you could use in your department to ensure the use of technology permeates the study of A level Mathematics.

Venue: Manchester Meeting Place, University of Manchester, Sackville Street, Manchester M1 3AL

Course fees and application:

The fee for each one day 'Get Set' course is £90, including lunch. We recommend that at least one teacher from your school/college attends each of the four courses.

To apply please complete the online application form: <http://bit.ly/GetSet2017>
or for more information please visit our website <http://www.mei.org.uk/2017-pd>
