Get Set for the 2017 maths A levels

Hosted by: North North West Maths Hub

This programme of four one-day courses is designed to help teachers of A level Mathematics prepare for the new specifications.

It is appropriate for all specifications.

Statistics: 5th July 2017

This course is appropriate for any teacher who will be teaching the new maths AS/A levels; it introduces the main statistics topics and the changes in the approach to these topics from current S1 modules. Opportunities for using technology and large data sets are highlighted

Venue: Ulverston Victoria High School, Springfield Road, Ulverston Cumbria, LA12 0EB

Course fees and application:

The fee for each one day 'Get Set' course is £90, including lunch. We recommend that at least one teacher from your school/college attends each of the four courses.

For further details and online application form, see mei.org.uk/2017-pd
