

## Maths Hub and MEI collaboration case study: Yorkshire Ridings Maths Hub

**Who we are:** We are the [Yorkshire Ridings Maths Hub](#) led by Harrogate Grammar School

**What is happening?** We have hosted the [Cambridge Mathematics Education Project](#) course.

### Reflections on the experience, from Colin Prestwich, the Hub Maths Lead.

*Thank you so much for running the CMEP course here at HGS.*

*It gave the YR maths hub a real opportunity to work more closely with MEI and get a real feel for some of the excellent PD opportunities that it delivers.*

*We are hoping that this will lead to further collaboration in the future enabling MEI to extend its reach using the network of schools and colleges within the YR hub.*

*The pedagogical content of the CMEP resources were a real strength of the PD and the YR maths hub welcomed the opportunity to take real advantage of the expert facilitators provided by CMEP.*

*The opportunity for the maths hub lead to take part in the sessions and indeed offer some input was a real bonus.*

*Our Hub is more than willing to offer the school as a host again.*

### What next?

If you are interested in finding out more about hosting the CMEP course or similar professional development courses at your Hub please contact MEI's Programme Leader for Teacher Support, Bernard Murphy [bernard.murphy@mei.org.uk](mailto:bernard.murphy@mei.org.uk)
