

# Broken magic square

This magic square is not correct. The rows, columns and diagonals should all have the same sum when the numbers are added.

Which is the wrong number and what should the number be?

180	187	164	171	173
166	168	175	182	184
177	179	168	163	170
183	165	172	174	181
169	176	178	185	167
