

## Summary of Core Maths entries and results

MEI has produced this summary of all entries and results for Core Maths qualifications since 2016, when the examinations were first taken.

As illustrated in the table below, the total number of Core Maths entries has increased each year, rising from 2931 in 2016 to 12,116 in the most recent entry figures from 2021.

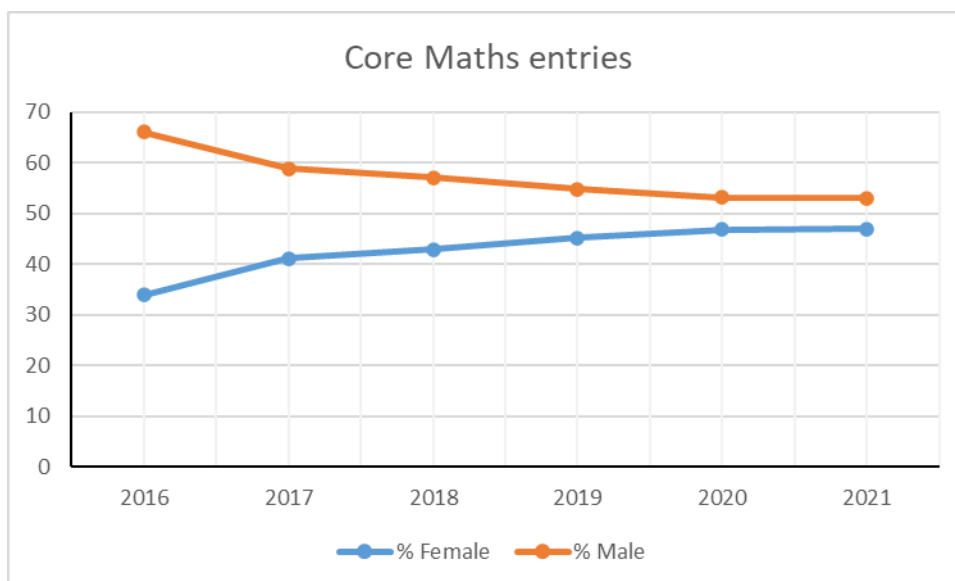

Year	Total number of entries
2016	2931
2017	5376
2018	6849
2019	9027
2020	11,792
2021	12,116

The chart below shows the yearly rise in Core Maths entries from 2016-2021.

The table and graph below both illustrate the rise in the proportion of girls taking Core Maths from 2016 to 2020, increasing from 33.90% in 2016 to 46.97% in 2021.

Year	% Female	% Male
2016	33.90	66.10
2017	41.17	58.83
2018	42.89	57.11
2019	45.16	54.84
2020	46.76	53.24
2021	46.97	53.03

### Results statistics

#### Notes

1. These results have been compiled from exam board results, as published on results day in August, and do not take account of any future amendments to results due to appeals etc.
2. The numbers have been calculated from rounded percentages published by the exam boards; these have then been used to calculate percentages at each grade. There are likely to be some rounding errors so the final digit in each number may not be accurate.
